

North West ESD Forum
Conference for Higher Education in the North West

Sustainability - A Changing HE Curriculum Developing Critical Thinking and Skills

28th January 2009
12.30 - 4.00pm

Manchester Metropolitan University
Pennine Suite, All Saints Building, Oxford Road,
Manchester (500 metres from Oxford Road train station).

Higher Education 'Leadership Teams' are invited to send delegates to attend this conference.

Who should come: Members of Senior Leadership teams/Curriculum leaders/Governors.
Members of the student body/Aim Higher co-ordinators (limited to max 5 per Institution).

Aims of the conference: To achieve a successful sustainability strategy, there needs to be a coalition of key players from within and beyond each University.

This conference aims to explore and build on the existing initiatives and seek ways of working together across the region as Higher Education providers. It takes place in the context of advanced thinking about the Sustainability Skills agenda required in the North West.

Draft Programme

Lunch will be served from 12.30

- 1 Welcome - Kevin Bonnett, Deputy Vice Chancellor, Student Experience MMU
- 2 The national framework for green universities: a student perspective
- 3 Initiative sharing - table top exercise with 8 Doorways
- 4 Key findings and ways forward across the region
- 5 Final word - the role of strategic partnerships

*Limited spaces available - 80 persons.

We invite **Case Studies and Posters** from participating organisations to showcase their experiences.

This is a Free conference sponsored by 4North West and hosted by MMU
