

Sustainable Schools

Working together across Merseyside

A STRATEGIC DIRECTION CONFERENCE

Sustainable Schools

Working together across Merseyside

Thursday 4 December 2008, 10.00 - 3.30
World of Glass, Chalon Way, St Helens WA10 1BX

This is a conference for leaders in both primary and secondary schools across Merseyside: Chairs of governors, head teachers and members of senior management teams, school improvement officers and Building Schools for the Future (BSF) managers.

This conference aims to

- * develop a shared understanding of Education for Sustainable Development (ESD)
- * explore the impact of ESD through pupil involvement in BSF, Eco school and environmental projects
- * examine the potential links between ESD and improved education outcomes, through campus, community and curriculum
- * build on connections across Merseyside

Programme

10.00	Arrive and registration
10.15	Education for Sustainable Development: The eight doorways
10.30	Campus case study and group activity involving young people
11.00	Coffee
11.30	The opportunity of BSF - the St Helens example. Open forum / discussion
12.00	Lunch
1.00	Community case study: working within the extended school strategy
2.00	Group activity involving young people
3.00	Curriculum development case study and discussion
